Creating a Course Content Link to MyMathLab (Course Compass) Login Page

1) Log into your WebTycho classroom and click on Faculty Center.

2) Go to Course Content and click on “Create URL.”

3) Complete the form as follows:

   - Leave this space blank.
   - This is the text that will appear in the Course Content list.
   - This is the link that will take students to the login page.
   - Set this to “Yes” so that Course Compass will open in a separate window from WebTycho.
   - Set to “Yes” if you want students to have immediate access.

4) After completing the form, click “Submit.” The link should now appear in your Course Content area.
